

ECHOES FROM THE LODGE ROOM

Norwich Men at Elks' Grand Lodge Convention at Portland
—Odd Fellows Elect Officers—Owls Reports Show Prosperity—Class Initiation Coming—Royal Arcanum Expecting Grand Officers.

ELKS.

The attention of a great part of the country will now center upon Portland, where the Benevolent and Protective Order of Elks will begin its annual Grand Lodge convention next Monday. Every one of Portland's 17,000 residents has shared in the work of preparing for the invasion of the city by the Elks. Not only have the members of the Portland lodge, who have the arrangements in hand,

A. C. MATTHEWS.

date charge, given their time and attention to the task, but business men and private citizens have assisted them materially. Portland has raised an entertainment fund of \$125,000, of which \$25,000 has been contributed by the local lodge, and the rest by merchants and individuals. This will be spent in displaying characteristic Western hospitality to the city's guests. Probably the greatest crowd that ever attended a national convocation of Elks will assemble in Portland. This is true for several reasons. One is the fact that this will be the first time the Elks have held their convention in the Northwest. The Northwest has numerous attractions. The Portland Elks are preparing to show their guests many of them.

The social festivities really will open Sunday, July 7, with trolley trips and automobile rides to various

"Just Say"
HORLICK'S
It Means
Original and Genuine
MALTED MILK
The Food-drink for All Ages.
More healthful than Tea or Coffee.
Agrees with the weakest digestion.
Delicious, invigorating and nutritious.
Rich milk, malted grain, powder form.
A quick lunch prepared in a minute.
Take no substitute. Ask for HORLICK'S.
Others are imitations.

points of scenic delight in and near Portland.

Monday will be devoted to the formal opening of the convention and the opening of the Grand Lodge sessions by an elaborate musical and oratorical program in the immense armory of the Oregon National Guard. The remainder of the week will be occupied with a series of unique attractions that will keep the whole city on the alert. An event of Tuesday will be a spectacular electric parade, consisting of seventeen brightly illuminated floats, some of them symbolical of civilization and others typifying life in various of the world's leading nations.

On Wednesday all registered Elks will be conducted on a free excursion to the Oakes, an amusement resort on the banks of the Willamette, where every concession will be opened and the entire band allowed to roam in and out at will. A monster barbecue will be served, for which fully five tons of fresh Columbia river salmon will be baked.

The annual parade, which is the climax of every Elks reunion will be held Thursday, July 11. Advance information received from various lodges in the United States indicates that more than 25,000 members of the order will participate. James R. Nicholson of Cambridge, Mass., grand exalted of the Elks, has arrived in Portland to take charge of the parade. Liberal prizes have been offered for various features. Considerable friendly rivalry has developed among lodges on the Pacific coast for the honor of having the largest number of men in line. The Portland lodge and all lodges in Oregon are barred from all contests. Prizes also will be offered for the tallest, the shortest, the fattest, the leanest, and the oldest Elks with plenty of entries.

A trip to "Council Crest," a resort on top of a hill 1,200 feet high and within the city limits, together with naval parades, automobile races, an airplane flight and various attractions of lesser delight will be crowded into the busy week.

An army of decorators now is preparing the city in a garb of purple and white—the official Elks colors—and when first of the visiting thousands enter Portland's gates his eyes will meet a sight such as he has seldom seen. An ambitious "Court of Honor," embracing twelve of the principal city blocks, will be the most prominent scheme of ornamentation. Every public building will be adorned in banners of purple and white blended with the national colors.

Allen C. Matthews is attending from Norwich as a delegate from Norwich lodge, No. 430, and John Heath and Patrick J. Hayes are also there.

CATHOLIC WOMEN'S BENEVOLENT LEAGUE.

Thousands of Catholic women are to be affected by the raise in the monthly assessments of the Catholic Women's Benevolent League, which will go into effect on January 1, 1912. The raise in rates is the direct result of a recent New York state law, which allows all fraternal organizations five years from January 1, 1912, to accumulate a sufficient amount in their treasuries to pay in full the claims of all members.

There are about 40 members of the order in New Haven. Miss Mary A. Heath of 432 George street is the president of the local branch. Although this increase in assessments may at first sight appear to be a hardship for all women who are members of the League, it is regarded as really a great benefit for it assures the members that no matter how long the organization may last,

every member will receive the full amount of her claim.

The Catholic Women's Benevolent League is a mutual benefit association of over 18,000 members. It is one of the wealthiest organizations in the country, having a surplus fund of nearly \$241,000.

ORDER OF PROTECTION.

Plans for the state field day of the order are underway, and although final arrangements have not been decided upon, Savin Rock New Haven, Conn., is the place selected for the gathering, and the date will be in August. There will probably be a good number to attend from this and of the state. No plans have been made yet for the usual eastern Connecticut field day, and in view of the inability of many of the Norwicians to attend, shown in the past several years, owing to business and other engagements, the day may be abandoned this year.

ODD FELLOWS.

Uncas lodge, No. 11, held its semi-annual election of officers in Odd Fellows hall on Monday evening, and these choices were made: N. G. Richardson, president; V. G. John T. Young, secretary; John F. Amburn, treasurer; F. E. Green, R. S. N. G. Henry M. Betting; L. S. N. G. Charles Treadway; warden, William Thurston; conductor, Fred Ortmann; R. S. N. G. M. Green; L. S. N. G. Louis Ortmann; inside guardian, Herbert Burdick; outside guardian, William Mayo.

ROYAL ARCANUM.

Norwich council, No. 726, is to have an official visit from District Deputy Grand Regent William T. Curry at the next meeting on Tuesday evening, and to provide entertainment for the large number of brothers who it is hoped will come to receive the visiting officer. Orator Smith is now arranging a programme of great interest. The council is expecting a visit from the grand officers of the state in the course of the next few weeks.

The amount of the benefit certificate of the late B. G. Smith, who died on Tuesday night, was paid to his beneficiaries on Friday night. The draft was received from the grand council on July 2.

ODD FELLOWS.

Shetucket lodge, No. 27, had its semi-annual election of officers at its regular meeting Tuesday night with these selections: Noble grand, Henry Bridges; vice grand, F. R. Burdick; secretary, Louis Mabrey; treasurer, A. E. Chandler. The appointive officers will be selected before the installation next week by D. D. G. M. E. F. Kinney. There will be no more work of initiation until September.

OWLS.

Norwich nest, No. 1356, began the month with a particularly satisfactory report by Treasurer J. A. George of the benefits paid out by the nest in the past thirteen months from June 1, 1911, to July 1, 1912. For physicians the sum of \$45,112 was paid out; for druggists, \$27,602; in sick benefits, \$1,967; and in death benefits, \$500; making a total of \$75,181. Besides the regular business, which was presided over by President George H. Stanton, an application was received and arrangements were made for a class initiation of all the candidates, numbering about a dozen, who have been received since May 1. The entertainment committee, in hand on the regular business, is planning for the nest at Kitemaug, for two weeks from Sunday, and plans are being laid to make this occasion one of great enjoyment to all the local owls.

GRAND ARMY.

Commander Henry Hovey presided at the first and only meeting for the month of July of Sadegh post, No. 1, G. A. R., in Buckingham Memorial on Friday evening. The usual summer schedule went into effect and consequently there will be no more meetings on August 2, before the regular fall meetings are resumed. The officers of the Grand Army at the banquet of the Grand Army at the Angeles, Cal., from September 9 to 14, was received and read at the meeting, but none of the Norwich comrades

WESTERLY STORE BURGLARIZED

C. W. Willard Hardware Company Again a Loser—Evident Break of Local Amateurs Fond of Revolvers—Death of George Kenneth, Long-time Band Man—Rev. Dr. McConnell's Son Penalized for Overspeeding.

Burglars visited the store of the C. W. Willard Hardware company in High street after sunset of Thursday, the discovery of their visit being made when the store was opened Friday morning. Entrance was made through a window in the basement on the side of the building next the temporary postoffice structure, where there is large vacant space and in clear view from High street. The trip to and from this window was made direct from high street, which is in the business center of the town.

First an attempt was made to enter by way of a window in the sub-cellar, as there is evidence of putty having been cut away from a window pane. It is evident that the burglars then changed their plan, for they placed a packing case on a pile of granite coping in storage near the building, mounted this case and forced the window open. The burglars then went up stairs into the store through an unlocked door. The cash register, which cost \$350, was pried open and damaged beyond repair, and all the cash it contained, about \$100, was taken. In a large store of that kind it is difficult to tell just what goods were stolen, but several revolvers were taken, three of which are valued at \$35.

As soon as possible the burglary was reported to Thomas E. Brown, chief of police, and an examination of the premises was made. This store has received the attention of burglars several times and with considerable loss to the company, and no arrest has ever resulted. The belief exists that the job was done by residents of Westerly who have a leaning towards the possession of revolvers.

Charles W. Willard, president of the company, said that he had been in heavy loss by burglaries at the store and added that his dynamite house on the Chapman street was broken open three or four times a year and considerable of the explosive stock stolen. He is of the opinion that it is about time that the store be protected from these thievish invasions.

George Kenneth, who was stricken with a paralytic shock last Sunday morning, died Friday at his home in Granite street in his 83rd year. He was an old-time compositor and for 30 consecutive years was employed on the Westerly Star and its predecessors. Two years ago, by reason of failing health, he retired, deciding to have rest and recreation for the balance of his lifetime. He leaves a widow, a brother, Robert T. Kenneth, of New Haven, and a sister, Mrs. Margaret Gavitt. His elder brother was buried on Thursday of last week.

Mr. Kenneth was a member of Palmer chapter, Royal Arch Masons, and of Franklin lodge, Free and Accepted Masons. He was a charter member of the Cyclops club and was a pop-gun Albert Kenneth, and Major Arthur N. Nash was one of the trio who retained membership since the formation of the organization. Mr. Kenneth was a

has yet signified attention of attending.

FORESTERS.

At the regular and only meeting of July held by Court City of Norwich, No. 63, F. of A. Friday evening, the evening was given up to unfinished business and special reports. The gathering was large the meeting was hurried through, as the heat made it uncomfortable. Two candidates were initiated and went through the simple ceremony. Two propositions were received.

member of the Westerly band for 30 years and was well known as a local musician years ago in connection with Kenneth's orchestra. Mr. Kenneth was born in Greenville, Conn., the son of John and Jeannette Tannahill Kenneth.

Chief of Police Thomas E. Brown in compliance with orders of the town council has commenced strict enforcement of the automobile laws, due notice of which had been given. Thursday morning Motorcycle Officer Arthur Faverio was detailed to duty on the Watch Hill road. He soon detected Chrystie McConnell, son of Rev. Dr. J. D. McConnell, a well known Watch Hill resident, who speeded his automobile at the rate of 50 miles an hour. The violation was reported to the chief and shortly afterward that officer arrested McConnell in Dixon square.

The automobile is a racing one and was No. 20 in the 1910 Vanderbilt race and bears a Virginia registry plate, No. 2227, of 1912 issue. There are at the time of speeding and arrest of McConnell it contained two young ladies and two young men besides Chrystie McConnell. The machine was driven to the police station, and as Chief Brown did not desire to put the young prisoner in a cell he was placed in the custody of Constable Donald Ferguson at the station preliminary to being arraigned.

Judge Oliver H. Williams held a special session of the Third district court at 6 o'clock. McConnell, who is 20 years of age, was first charged with operating an automobile without a license. He pleaded guilty and was fined \$25 and costs. McConnell was then charged with speeding and was fined \$25 and costs. He was also charged with driving at a speed in excess of 25 miles an hour. To this charge he also pleaded guilty. He was sentenced to pay a fine of \$50 and costs on this charge and to be imprisoned for 10 days in the Providence county jail.

After court adjourned, Judge Williams, after consultation with Town Solicitor Harry B. Agard, decided to revoke the jail portion of the sentence and in its place to order McConnell to pay \$50. As McConnell was without license, B. Court Bentley drove the McConnell car to Watch Hill.

Local Lancers.

Mr. and Mrs. Herman Deek entertained Thursday evening. So far as known, there was no accident by the careless use of fireworks in Westerly.

Deacon Ethan Wilcox will conduct the services at the People's mission Saturday evening.

The most successful way of detecting an automobile violating the speed law is through the medium of a motorist officer.

Standing on the steps of the Washington Trust company building just before noon Friday, Col. Eugene B. Pendleton counted 24 automobiles.

Dr. Henry Utter of Westerly, interne at the Rhode Island hospital, has been appointed interne at the Babies' hospital, New York, the change to be made Jan. 1.

Evangelist C. H. Edwards has established a camp in Lester street, where religious services will be conducted every evening except Tuesdays and Saturdays.

Mrs. Henry D. Barnes of Westmoreland, N. Y., with many acquaintances in Westerly, was struck by a locomotive on a grade crossing and instantly killed last Monday evening.

P. S. Barber Hose company extinguished a small fire on the roof of the house 162 Mechanic street Thursday night at 10:30. A fire balloon dropped on the roof and caused the blaze.

The police gathered in quite a number of revolvers July Fourth. The law in regard to the use of firearms in the public streets was enforced. But in this instance punishment was not meted to the offenders and the revolvers were returned the day after.

Dr. Whitford has started a subscription, each subscriber to give \$1, in aid of the family of Albert Platt, who was killed Wednesday night by being thrown from a wagon with a piano, the instrument falling on him and crushing his head. He leaves a widow and six children, the eldest 15.

We are never satisfied. It seems, and the growls and walls of discontent rise all about us, showing that others feel as we do.

The thin man bemoans his fate. He eats fattening things and yearns to be fat, and the fat man starves himself as much as a fat man's self control will admit, and longs to be thin.

It's pretty tough. Over in the valley they grow alfalfa—great crops of alfalfa that bring in money, and our farm won't. It hurts our feelings, but over on the alfalfa farm they can't make a peach tree grow worth a cent, and they're kicking about it every day.

It would seem that Nature would know better. Discontent is not natural, and it would appear that Nature might rig up some sort of an exchange by which discontented people might swap.

The poor man who aches for dollars could go there and give his appetite for half the sickly rich man's pile, and it would be gladly given.

The woman with the ostrich feathers her sailor brother brought her could swap with the envious woman for a diamond and thus control her own long.

All we have to do would be to go to the exchange and register, and Nature would do the rest. We'd list our discontented state and tell what would make us feel better, and sooner or later the exchange would be made and two discontented people would be made more contented. But no such exchange is being considered, and the two discontented parties to all these troubles are far apart—Galveston News.

Earnestness Brings Reward. "The earnest men are so few in the world that their very earnestness becomes at once the badge of their nobility; and as men in a crowd instinctively make room for one who seems eager to force his way through it, so mankind everywhere open their ranks to one who rushes zealously toward some object lying beyond them."—Dwight.

Mrs. Blunderby Talks. Mrs. Blunderby (visiting)—Yes, poor Jane, she recognizes no one. She's been in a catatonic condition for two days. My dear, bring me a cup of tea, will you? I prefer Oolong, if you have it.—Boston Transcript.

Why Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: *First*—The indisputable evidence that it is harmless; *Second*—That it not only allays stomach pain and quiets the nerves, but assimilates the food; *Third*—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is

unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—Hall's Journal of Health.

Letters from Prominent Physicians Addressed to Chas. H. Fletcher.

Dr. W. L. Leister, of Rogers, Ark., says: "As a practicing physician I use Castoria and like it very much."

Dr. W. T. Seelye, of Amity, N. Y., says: "I have used your Castoria for several years in my practice and have found it a safe and reliable remedy."

Dr. Raymond M. Everts, of Santa Ynez, Cal., says: "After using your Castoria for children for years it annoys me greatly to have an ignorant druggist substitute something else, especially to the patient's disadvantage, as in this case. I enclose herewith the wrapper of the imitation."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

Dr. W. F. Wallace, of Bradford, N. H., says: "I use your Castoria in my practice, and in my family."

Dr. Wm. L. McCann of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine and aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."

Dr. Howard James, of New York, City, says: "It is with great pleasure that I desire to testify to the medicinal virtue of your Castoria. I have used it with marked benefit in the case of my own daughter, and have obtained excellent results from its administration to other children in my practice."

Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."

Dr. Channing H. Cook, of Saint Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnoxious and therefore difficult of administration. As a laxative I consider it the peer of anything that I ever prescribed."

Dr. L. O. Morgan, of So. Amboy, N. J., says: "I prescribe your Castoria every day for children who are suffering from constipation, with better effect than I receive from any other combination of drugs."

Dr. H. J. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. Wm. L. Rosserman, of Buffalo, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family."

Dr. F. H. Kyle, of St. Paul, Minn., says: "It affords me pleasure to add my name to the long list of those who have used and now endorse your Castoria. The fact of the ingredients being known through the printing of the formula on the wrapper is one good and sufficient reason for the recommendation of any physician. I know of its good qualities and recommend it cheerfully."
